

# Approach to construction machine parts

LINEUP

## Machine Tools

● Boom and arm / Floor type horizontal type boring machine

▲ Bearing / Vertical Turning Mill

■ Base and frame / Bridge type machining center

## FUJI SEIKI MACHINE WORKS, LTD.

● Horizontal Confront Machining Center

▲ CNC Machine for Slewing bearing

## SHIBAURA SEMTEK CO., LTD.

Investigation of manufacturing parts

Strength testing

Fracture analysis

Analysis of organic and inorganic material

Investigation of environment

Research of noise and vibration

Analysis of the hydraulic fluid
